Subject: MSP NCJA Update - Security & Management Outsourcing Standard (TABLE)
Attachments: OS Responsibility Table 12-2-11 NonChannelers.doc

Dear NCJA:

This is an update on behalf of the Department of Michigan State Police (MSP), Criminal Justice Information Center (CJIC), Audit and Training Section (ATS). You are receiving this message as you have requested or agreed to be added to our ATS Listserv. If you no longer wish to receive updates, or you feel you've received this message in error, please reply to this correspondence with "REMOVE" in the subject line.

The ATS has been forwarded, by the FBI, a "breakdown" of individual party responsibilities as it pertains to the Security and Management Control Outsourcing Standard for Non-Channelers (attached for your review). After a preliminary review of the breakdown we believe it does not contain any additional information, but is a more succinct format to showcase individual organization's responsibilities. Previously approved contractor language is now under re-evaluation to determine if change is necessary, and any changes will be forwarded to all upon ATS notification. Any agencies that have already entered into a contractual agreement with the disseminated approved language will not be found noncompliant, but will be required to make changes accordingly (if warranted).

Thank you,

Audit and Training Section
